Treat each twin as a unique individual. Regarding twin babies as unique helps each baby become aware of his/her own individuality and develop his/her own identity. When parenting twins, there may be the tendency to always think of them as a unit. Respect individual differences. Form separate expectations around each child's abilities and interests.

Many moms say this ingenious pillow is a must-have item for parents of twins. Feeding one baby is hard enough from lack of sleep, latching issues and tired arms but add in another and Morn now has an even bigger logistical problem. The pillow allows parents to hold both babies at once while breastfeeding them or using a bottle.

~~Our parents reactions to the TWINS!! - YouTube~~

The first six months of the twins' life were a blur of either an exhausted, desperate stumble or parenting flow, dependent on how I decide to remember it. Since that time, their needs have changed, personalities developed and their care has been shared between their parents and other caregivers (including three different nannies at different times and now teachers at nursery school).
