The declaration of God in Genesis 1:31 was His signal to observe that everything in existence was there by His design.

Those who believe God used evolution (or another naturalistic process) as the agent of creation must believe that death, cruelty, suffering, scarcity, and the food chain were a part of that design. If we accept this, then we must say that God was the creator of these evils.

Dinosaurs are used more than almost anything else to indoctrinate children and adults in the idea of millions of years of earth history. However, the Bible gives us a framework for explaining dinosaurs in terms of thousands of years of history, including the mystery of when they lived and what happened to them. Two key texts
