*Australian Rainforest Fruits - Wendy Cooper, William Cooper -*  
Trees, shrubs and climbers abound with fruit of every colour, shape and size imaginable; from the 22 cm banana-shaped scrub breadfruit of Cape York, to the pea-sized polylopy satinash, which looks something like a miniature purple pumpkin. Rainforest fruits can be extremely poisonous and difficult to identify, so it's best to enjoy these bountiful beauties with your eyes, not your tastebuds.
