by Bryan Carnathan.

Breaking tradition is the

Canon EOS Rebel T6s

/ 760D. Canon has

introduced a long line of

flagship Rebel models,

but ... never did they

introduce two at the

same time. Since the

File Type PDF

Canon Rebel

EOS Rebel T6s

contains a superset of the features found in the other same-time

introduced camera, the

EOS Rebel T6i, I guess

that makes the T6s

technically THE

flagship model at this

time.
