Case interview examples. Here are some simplified examples of case interview questions: Bain & Company Case "Old Winery": You have inherited the "Old Winery" from your grandfather, a winery which has been family owned for five generations and can be dated back to the 16th century.Due to the not so well-known brand, the demand for the "Old Winery" wine is currently rather low.

Case Interview: The Ultimate Guide For Your Case Prep ...

The core skill that you need to develop to master case interview math is the skill of discerning when a calculation is necessary and when it's not. Remember, the challenging part about doing case interview math isn't always the computation itself. It is about being able to judge whether a computation is even necessary in the first place.
