Argument for investing in saving lives from flu, too Experts debate whether our investment in preventing Covid deaths is proportionate to the dollar values we assign to saving lives from other causes of death like the flu. The fact is, we can do both. Charmaine Ngarimu used hand sanitiser and social distancing long before the arrival of Covid-19.

It is easy to overlook amid the hundreds of pages of the \$1.9 trillion stimulus plan President Joe Biden signed into law Thursday, but a short section aims to combat America ' s maternal mortality crisis by expanding health coverage for new mothers. The United States has the highest rate of maternal deaths in the industrialized world. One-third of those deaths happen after delivery, when a ...

The Drug Overdose Epidemic: Behind the Numbers. Nearly 841,000 people have died since 1999 from a drug overdose. 1 Over 70% of drug overdose deaths in 2019 involved an opioid. 2 Opioids are substances that work in the nervous system of the body or in specific receptors in the brain to reduce the intensity of pain. Overdose deaths involving opioids, including prescription opioids, heroin, and ...

When ingested, Vibrio bacteria can cause watery diarrhea, often accompanied by abdominal cramping, nausea, vomiting, fever, and chills. Usually these symptoms occur within 24 hours of ingestion and last about 3 days. Severe illness is rare and typically occurs in people with a weakened immune system.
