In Buddhism, there is the Mara that is concerned with death, the Mrtyu-mara. It is a demon that makes humans want to die, and it is said that upon being possessed by it, in a shock, one should suddenly want to die by suicide, so it is sometimes explained to be a "shinigami". Also, in the Yogacarabhumi-sastra, a writing on Yogacara, a demon decided the time of people's deaths.

1. Death. Death is life's ending. To clarify death further, we will need to say a bit about the nature of life, and ask whether life can be suspended or restored, and how it relates to our continued existence.

~~Death (Stanford Encyclopedia of Philosophy)~~

Death is the permanent, irreversible cessation of all biological functions that sustain a living organism. Brain death is sometimes used as a legal definition

of death. The remains of a previously living organism normally begin to decompose shortly after death. Death is an inevitable, universal process that eventually occurs in all living organisms. Death is generally applied to whole ...

Introduction. The concept of brain death was first described in the medical literature in 1959, and was an attempt to separate the cessation of meaningful neurological function from the cessation of cardiorespiratory function. 1 The rationale for this distinction was that the former represented human existence, while the latter was viewed simply as biological existence.
