MNP LLP. Part 1: Organizational diagnosis-
what you need to know. Organizational
diagnosis is a creative method for getting to
know an organization at all levels- from the
surface levels to the deepest hidden parts
that aren ' t visible to the eye. Performing
organizational diagnosis is not so far off
from a doctor trying to diagnose their
patients.

In the field of corporate diagnosis is a process that involves the three steps of publicly entering a human system, collecting valid data about experiences, and feeding back to the system toward promoting corporate performance. The effective diagnosis of organizational culture, and structural and operational strengths and weaknesses are fundamental to any successful organizational development intervention. As Beckhard said in the preface to his seminal work:... in our rapidly changing environmen
