Birmingham has seen 1400 years of growth, during which time it has evolved from a small 7th century Anglo Saxon hamlet on the edge of the Forest of Arden at the fringe of early Mercia to become a major city. A combination of immigration, innovation and civic pride helped to bring about major social and economic reforms and to create the Industrial Revolution, inspiring the growth of similar ...

Objective: Patients with early-stage neuroendocrine cervical carcinoma (NECC) have a high mortality rate despite aggressive therapy. The rarity of this tumor precludes initiation of a randomized, prospective trial. We reviewed our experience in early stage disease and performed a meta-analysis of the literature to identify prognostic factors and determine optimal multimodality therapy.
