infectious downloads.
Rather than reading a good
book with a cup of coffee in
the afternoon, instead they
juggled with some harmful
bugs inside their desktop

science. The word means
"study of the Earth."

Chapter
Geology deals with the
composition of Earth
materials, Earth structures,
and Earth processes. It is
also concerned with the
organisms of the planet and

provides an overview of how
science affects our
environment. We focus on
interactions between the
solid Earth, its water, its
air and its living
organisms, and on dynamic,
interdependent relationships

between these four
components. Earth and
environmental scientists
also consider how these
relationships produce
environmental change at
different timescales.
