Strategy and tactics are two terms that get thrown around a lot, often used interchangeably. But what exactly do they mean, what is the difference, and why is it important? In this article, we look at the contrast between strategy and tactics, and the most effective ways to use each, whether you're trying to win a war, start a business, or reach any other important objective.

Strategy vs. Tactics: Why the Difference Matters  
Gerry Johnson and Kevan Scholes, authors of "Exploring Corporate Strategy," say that strategy determines the direction and scope of an organization over the long term, and they say that it should determine how resources should be configured to meet the needs of markets and stakeholders.
