Where To Download Hidradenitis Suppurativa

Hidradenitis suppurativa (HS) is a painful, long term skin condition that causes abscesses and scarring on the skin. The exact cause of hidradenitis suppurativa is unknown, but it occurs near hair follicles where there

Where To Download Hidradenitis Suppurativa

are sweat glands, usually around the groin, bottom, breasts and armpits. For reasons that are unknown, more women than men have the condition.

Background: Hidradenitis suppurativa (HS) is a chronic inflammatory disease characterized by painful nodules, sinus tracts, and significant scarring.

Although the pathogenesis of

Where To Download Hidradenitis Suppurativa

This disease is not well established, there is increasing evidence to suggest that it is an immune-mediated disorder. Previous studies have suggested a relationship between HS and thyroid disease, which is

Where To Download Hidradenitis Suppurativa

also driven by an autoimmune
process.
