Holistic Education A Vision For New Zealand Primary School ...

to holistic education are the result of a cultural paradigm shift that began in the 1960's. What is clear is that the values and the vision of humanity in the holistic education movement and which it promotes are increasingly popular. There are now at least seven thousand five hundred holistic schools with more seeming to start every week.

Holistic Education values

Holistic education is based on the premise that each person finds identity, meaning, and purpose in life through connections to the community, to the natural world, and to spiritual values such as compassion and peace. Holistic education aims to call forth from people an intrinsic reverence for life and a passionate love of learning.
