There are 8 primary emotions. You are born with these emotions wired into your brain. That wiring causes your body to react in certain ways and for you to have certain urges when the emotion arises. Here is a list of primary emotions:

About Emotions primary - JMU

Humans experience a range of emotions every day and to varying degrees. Emotions are subjective experiences; an experience that elicits strong feelings in one person might have little effect on another. The word emotion comes from the Latin word *emovere*, in which "e" means "out" and "movere" means "move." Why Do We Feel?

How Animal and Human Emotions Are Different | Live Science

Emotion is an essential part of any human decision-making and planning, and the famous distinction made between reason and emotion is not as clear as it seems. Paul D. MacLean claims that emotion competes with even more instinctive responses, on one hand, and the more abstract reasoning, on the other hand.
