Most games on this list had at least two or three members of staff vote for them, with only a few getting points from just one person. The game that received votes from the most individual members of staff was 80 Days. 2018 got the most games on this list (seven), so maybe that makes it the best year for games, objectively speaking.

Dieting makes your body believe that you are starving. It goes on survival mode by slowing down your metabolism and holding on to fat storing and increasing your appetite. On a diet, you do not follow your instincts to eat when hungry but only when the regime allows you to eat, when and how much. Dieting activates intense 24/7 hunger.
