Banneker gave a first edition of his almanac to Thomas Jefferson. He called on Jefferson to give black men and women equal rights, and to fight against prejudice that was "so prevalent in the world against those of my complexion . . . a race of beings, who have long labored under the abuse and censure of the world."

Navigation is the art and science of determining the position of a ship, plane or other vehicle, and guiding it to a specific destination. Navigation requires a person to know the vehicle's relative location, or position compared to other known locations. Navigators measure distance on the globe in degrees. Understanding latitude and longitude are very important in navigation.

Katmai National Park and Preserve is an American national park and preserve in southern Alaska, notable for the Valley of Ten Thousand Smokes and for its brown bears. The park and preserve encompass 4,093,077 acres (6,395.43 sq mi; 16,564.09 km²), which is between the sizes of Connecticut and New Jersey. Most of the national park is a designated wilderness area.

Katmai National Park and Preserve - Wikipedia

By this time, most of the world had been navigated, explored, and in essence, colonized. Any new expansion would likely require colonial powers to conquer each other. Many geographers played a leading role in advising national leaders on Post-war Reconstruction and a new era of geography was born.
