Nexus is an aspiring techno-thriller written by "professional technologist," Ramez Naam. Naam has done his research on AI (his day job), has nearly twenty patents under his name, and has written widely on post-human topics, most notably More Than Human Embracing the Promise of Biological Enhancement. So this guy knows his stuff.

Nexus (Nexus, #1) by Ramez Naam

Ramez Naam is a supporter for transhumanism, and this book (this trilogy) perfectly embodies that goal. The world in Nexus is set in approx 2040 where such technologies could exist that 'enhance the human condition'. This isn't just a fictional novel but a possible extrapolation given today's technological feats and engineering.
