Scania is now offering five different performance steps of its most common engine, the inline six: 370, 410, 450, 500 and 540 hp (see chart below). The new 540 "The powerful 540 is mainly intended for customers and markets where legal aspects regarding front axle loads keep them from choosing a V8," says Viaskamp.

Scania adds a 540-hp version to its 13-litre engine range

Engine speed The Scania tachometer is divided into different coloured sectors, as follows: 0-500 rpm red area: prohibited engine speed, passed through when stopping and starting. Page 27: Limp Home Mode If run for extended periods under an extremely light load, the engine may have difficulty in maintaining normal operating temperature. However, the temperature will rise to a normal level again ...
