It's very important to hold young children accountable and to teach them social problem-solving skills they can use to replace violence. Don't ignore the problem. Don't assume he will grow out of it and it will go away on its own. Having a system of consequences and rewards that you use consistently can be very helpful in curbing violence. Many kids are under-socialized and need extra teaching, structure, and patience to learn these skills.

How to Manage Violent Children | Empowering Parents

Teaching Young Children in Violent Times helps teachers and group leaders working with pre-K to 3rd-graders to create an environment in which young children can learn alternatives to the violent behaviors modeled in our society, the media and home. Once more for the folks in the back: Staying silent about racism doesn't avoid the problem; it adds to it. That includes how parents of every color raise our children. And the relentless violence ...

How to Teach Children About Racism & Violence at Every Age ...

Young children, particularly those under 3%, scarcely know their own strength. The differences between a kiss and a bite, between patting and hitting, between nudging and pushing someone down are not automatically understood and children need many reminders: such as, "Let me show you how to pat the baby (or the family dog or Daddy's cheek)"; "Patting feels nice.

Helping Young Children Channel Their Aggression • ZERO TO ...

Intervention should start early before attitudes begin to harden: some teaching resources also specifically seek to reduce the likelihood of children becoming victims or perpetrators of family violence, through challenging stereotypes and unhealthy gender power dynamics, helping them form healthy relationships and resolve conflict. These themes should be embedded in the whole-school ethos and should be picked up in broader cross-curriculum activities.

Family violence : Mentally Healthy Schools

These skills include anger management, effective discipline, conflict resolution, and wise media consumption. Both parts of the project teach adults how to be positive, nonviolent role models for the children in their lives. ACT Against Violence has been extremely successful in reaching adults.

Preventing Violence by Teaching Non-Violent Problem-Solving

Children as young as preschoolers can show violent behavior. Parents and other adults who witness the behavior may be concerned, however, they often hope that the young child will "grow out of it." Violent behavior in a child at any age always needs to be taken seriously.
