The most important trend affecting the Essential Eight is the convergence of the individual technologies to yield powerful business solutions that are greater than the sum of their parts. This next wave of tech innovation promises to multiply our capacity to work better, smarter and more seamlessly through technology.

The Essential Eight technologies: PwC

A fire department safety officer properly trained in the technical rescue field being performed can also help prevent a fire fighter from attempting a skill beyond their level of training. In this incident, the event escalated from a non-emergency event to a suspected emergency medical event and then to a confined space rescue event. A fire ...
