Yoga and Depression: How Does it Work?

Yoga, meaning \" union, \" has traditionally been associated with a mental practice aimed to achieve greater consciousness through the use of meditation and physical postures (Satchidananda, 1990). As yoga has gained increased popularity in the Western world, individuals have been driven to yoga for various reasons, often because it fosters and encourages relaxation, increased bodily strength and flexibility, and experiential presence in the current moment (i.e., mindfulness).
